Estimated Annual Wages by Category & Title

Below is a summary of the latest teacher/educator wage information available for the State of Utah. The occupations are listed alphabetically along with the "Occupation Code", which is a unique number assigned to each of the occupations in the survey. The data was collected during the period November 2004 – May 2005. Wages presented include the Entry Wage (the average of the bottom-third of all wages collected), Average Wage, Median Wage (which is the wage of the middle worker in the survey where half of the workers earned wages below the median and half above the median), and the Middle Range (which represents

the wages of the middle fifty percent of workers. One-fourth of the workers earned wages below the low end of the middle range, and one-fourth of the workers earned wages above the high end of the middle range).
